

## Electronic 2016–2017 NMI Missions Books Available

Nazarene Missions International (NMI) and Nazarene Publishing House (NPH) are pleased to announce that the 2016–2017 NMI Missions Books for adults/teens are available in a variety of electronic formats free or at greatly reduced prices compared to recent years.

### E-books

E-book format for adults/teens are available on Amazon (for Kindle) and iBooks on iTunes (for Apple products) and should be available on Barnes & Noble's site (for Nook) soon. The cost per book is 99 cents, and each should be downloaded separately.

### PDFs

The books in PDF version are available for download as a set now by clicking [here](#). The size of the download is 191 MB, so it may take a while, depending on Internet speed.

The plus for churches regarding the PDF books is that churches or individuals may download the set free and share hardcopy or electronic versions with anyone they choose—providing the material is not sold or changed and that it has the link to the license is included when sharing it. (This link is included on page 2 of each PDF book at the bottom of the page, so that shouldn't be a problem.)

The PDF versions will be available on an NMI Missions Book tab on the *Living Mission* site ([www.livingmission.com](http://www.livingmission.com)) by April 4, 2016.

### MP3s

Audiobooks in MP3 format are available free now on NPH's site by clicking [here](#). These are the same books that are available on CD; but with this format, people should be able to download the audiobooks to electronic devices and listen to them that way.

These will also be available on the *Living Mission* site in April.
