

WIRED-UP FOR

YOUTH

Youth Mission Education—

Take a Trip Around the World

Using the Youth Mission Education curriculum (Order Number—U-4204Y; Cost—\$22.99; order from Nazarene Publishing House—1-800, 877-0700), plan a “Trip Around the World” on an international flight. Have the lesson presenter serve as a “flight attendant.”

- Set up an “airplane” with seats, trays (use TV trays), seatbelts (make “belts” out of rope or twine), and a television at the front for in-flight entertainment.

- Provide reading materials (like *Holiness Today* or the NMI mission books).

- Make “invitations” that look like plane tickets. Require youth to show picture I.D. to board the plane.

- Provide in-flight entertainment. Show a segment of *World Mission Video Magazine*.

- Serve beverages and snacks, a boxed meal, or packaged hot meal, like you would get on a plane.

- Have the “captain” (person off-stage with a microphone) speak over the intercom periodically to update passengers on the flight, giving brief but important facts from the curriculum regarding the day’s topic.
