

WIRED-UP FOR

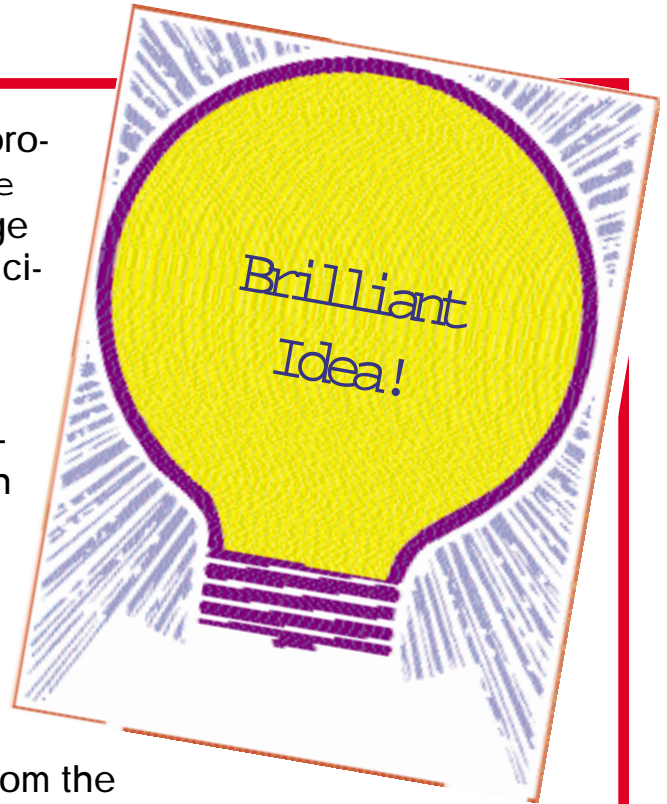

YOUTH

To introduce the new Medical Plan program, Gifts From the Heart (see page 14), started in your church, encourage your youth group to be the first participants.

They can honor a youth pastor, Sunday School teacher, youth worker, parent, or friend, presenting such people with the Gifts From the Heart cards in a worship service and explaining what it is about the person that made that teen want to honor him or her. It is okay if a person receives multiple Gifts From the Heart; it shows that Gifts From the Heart is for anyone, anytime, for any amount of donation.

If you have a teen who is comfortable speaking in public, have him or her explain what Gifts From the Heart is, that the money goes to the Medical Plan, and that your youth group wanted to be the first to participate.

Your church will receive the Gifts From the Heart display at your 2001 District NWMS Convention. If you need more cards, they may be ordered from Nazarene Publishing House by calling toll-free (1-800-877-0700).
