

## **An Offering on the Run**

I have a large coffee can, and the plastic lid has a hole cut in it. Once a month I present a Nazarene Compassionate Ministries need. People raise their hands with their money; and the children usually **run** to those holding up their hands, taking the offering from the person to the can.

In November and December, I present Child Sponsorship to the church and raise enough to sponsor one child for a year. Other months can follow the emphasis or a pressing need in the world.
